DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

- a. "Means" in claim 1, line 1. This term is not a proper term for a preamble because means is takes 112 6th par into consideration. The claim must claim a device, apparatus, method or process. A means could be just a part or something that does not even have to work as a device as whole. Please change the preamble to recite " a device comprising a means for "or " an apparatus comprising a means for" to correct the problem.
- b. The preambles for the dependent claims 2-6 should be reworded to state "the apparatus according to claim #, wherein said postion-holding means has an".
- c. "the means" in claim 6, line 2. This should recite "position holding means" instead of just "the means".

Allowable Subject Matter

2. Claims 8-11 are allowed.
3. Claims 1-6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Response to Arguments

4. Applicant's arguments with respect to claims 1-6 have been considered but are moot in view of the new ground(s) of rejection.

d. These claims have been review and drawn some new rejections.
